Are you ready to work? Because we are ready to ship. Production Basics' unique **ZIP**ship program ships your RTW Table within four days. Use the versatile RTW Table as the foundation of an efficient and ergonomically sound production environment. The RTW Table's height adjustability range allows comfort for almost any worker and proves functional for a variety of tasks. An abrasion resistant finish keeps your unit looking virtually new through many production cycles. Choose an Electrostatic Discharge (ESD) or non-ESD worksurface to fit your facility's requirements. Starting at \$375, you can take advantage of **ZIP**ship. It will help you to:

- Respond to immediate production needs
- Quickly raise your facility's ergonomic standards
- Upgrade work processes right away

Description	Surface	48" Width	60" Width	72" Width
30" Depth	Standard	Item 3000	Item 3005	Item 3010
30" Depth	ESD	Item 3100	item 3105	Item 3110

Add Uprights or a Riser Shelf to increase the functionality of your RTW Table with Accessories. Ask us about accessory availability, caster options and additional worksurface choices.
